Port Sunlight
Year 5
Autumn (2) Term 2026

Maths

White Rose Maths & Problem-Solving activities.

- **Multiplication & Division A** –Children will develop their understanding of squared, cubed and prime numbers. They will also learn the multiplication rules for the times tables.
- **Fractions A** – Here children will compare fractions and find equivalent fractions.

Literacy

- **Texts:** *FArTHER* by Grahame Baker-Smith
- Children will write a setting narrative using the images and vocabulary from the book.
- They will also write a letter, as the child of the protagonist, explaining their thoughts about his obsession with machines and his absence in their lives.

DT

- **Cooking & Nutrition – Developing a Recipe**
- Children will develop their understanding of how food comes from the farm to the shop.
- They will review a recipe and change parts to their choosing.
- They will follow the recipe.

Geography

- **Port Sunlight-**
- Children will identify and explore the features of Birkenhead and Port Sunlight, comparing land use, buildings, leisure opportunities, social features.
- They will also use maps, and coordinates, to find their way around.

Science

- **Forces –**
- Children will explore the forces of gravity, air resistance, water resistance and friction.
- They will explore how machines we use in everyday life, such as levers and pulleys, turn a small force into a greater one.

Music

- **Classroom Jazz-**
- Children will develop their music related vocabulary.
- They will develop their playing skills, using recorders to play melodies and tunes.

PE

- **Gymnastics-**
- Children will develop the tactical skills of making spaces and closing them.
- They will also develop their ability to pass the ball.

Computing

- **Presentations-**
- Children will create presentations with effective formatting, transitions, animations and adding hyperlinks to present researched data.

PSHCE/RSE

- **Ready, Respectful, Safe-**
- Children will continue to develop their understanding of the school rules.
- **Healthy Me** – Children will learn about the detrimental affects of activities such as smoking, drinking and drugs.

Spanish

- **Dates and Birthdays-**
- Children will develop their understanding of dates in Spanish, learning the days of the week and the months of the year.
- Children will explore Birthday celebrations in Spain and the vocabulary related to that.

RE

- **Christmas in Art-**
- Children investigate the various depictions of the Christmas story, and the characters therein, that have been made in art throughout history.
- They will identify common themes, figures and use of symbolism.
