

Cathcart Street Weekly Newsletter

Your weekly newsletter about our school!

This week at School

What a truly inspiring and busy week it has been at Cathcart Street Primary School! I am delighted to celebrate the wonderful progress and vibrant life across our school community.

Our children have been exceptional, embracing the opportunity to learn outdoors in the beautiful spring weather. This has been especially impactful in science and maths, where hands-on, real-world learning experiences have deepened their understanding and engagement. Outdoor learning not only sparks curiosity but also supports wellbeing—a vital part of our nurturing ethos to help every child 'Be their Best Self.'

I want to extend heartfelt thanks to our amazing parents who have generously supplied seeds, compost, and other resources. Together, we are transforming unused school grounds into a thriving, safe space where children can explore sustainability, nature, and environmental science. A huge thank you to the wonderful families for their kindness and generosity.

Across all year groups, children are working hard and showing resilience. Our after-school clubs continue to flourish, providing enriching opportunities beyond the classroom that build skills, confidence, and friendships. Our Year 6 children deserve special recognition as they prepare diligently for their SATS in May. Their focus and determination are commendable, and we are supporting them with targeted interventions and pastoral care to ensure they feel confident and ready.

We are also proud to announce that the Anthony Walker Foundation will be working with us throughout the year, starting next week with an assembly for our Year 4 children. This partnership will enrich our curriculum by fostering values of respect, equality, and social justice, supporting our inclusive school culture.

We recognise that there are many things happening in the world and locally that can sometimes feel unsettling or scary, but please be assured that everything we do at Cathcart Street is always in the best interests of your children. We deeply appreciate the ongoing support from our kind, diverse, and inclusive community, which makes all the difference in helping every child thrive.

Finally, don't forget that next Friday is Red Nose Day. We encourage everyone to wear something red to school to support this important charity and show our caring spirit.

many thanks for your continued support
Mrs Cookson and the Cathcart Team

Dates for your diary

Every Monday 9am - Coffee Mornings

Tues 17th March - Anthony Walker

Foundation assembly with Year 4

Wed 18th March - Y3/4 Hockey Comp

Fri 20th March - Red Nose Day (wear something red)

Wed 25th March - Y5/6 girls football tournament

Tues 24th March & Wed 25th March - Parents Evening

Fri 27th March - Finish for half term

Attendance

Attendance continues to be a huge focus at Cathcart Street.

Our winners last week were;

Phase 1 - Y3 with 92.2%

Phase 2 - Y5 most improved punctuality

Our £5 prize will be added to both classes. Well done everyone - keep it up!

Whole school attendance - 91.3%

Red Nose Day

We are excited to celebrate Red Nose Day on Friday, 20th March!

To support Comic Relief, we invite all children to come to school wearing something red.

Whether it's a favorite red jumper or just some red socks, we look forward to seeing everyone join in the fun.

Donations are very welcomed.

Important Messages

Please ensure you are signed up to class dojo as class teachers will keep you up to date on here with information about your children's classes.

Please give us a follow on Instagram where we share all the fantastic things children at Cathcart Street have been up to.

We have been enjoying...

Little Stars - We have had lots of fun with the pigs in mud and soapy water acting out linked to our story Mrs Wishy Washy. F1 - F1 attempted the stilts today. They tried hard with their balancing and had some success and some failure but overall there was lots of laughter.

F2 - loved their visit from a nurse as part of our topic 'people who help us'

Year 1 - This week year 1 has been learning about measuring lengths and heights. We took our lesson outdoors and measured different objects using cubes.

Year 2 - We have been discussing kindness in the year 2 classroom. We wrote letters to each other full of kind messages. It was lovely to see.

Year 3 - have been exploring and investigating the way in which water is transported within plants. We cut celery and put into dyed water to observe what happens.

Year 4 - have enjoyed learning about migration in their Geography lesson.

Year 5 - have been learning about gears in DT. We experimented with different materials.

Year 6 - For computing this term we are studying data and analysing. This week we research different attractions across the UK and worked out journey costs.
