This week at School

Welcome back to Spring 2. I hope you and your families had a restful and enjoyable half-term break and found some time to recharge. It has been wonderful to see the children return with such positivity—their behaviour, resilience and attitude have been fantastic, and we are incredibly proud of how well they have settled straight back into school life. This half term may be short, but it is already shaping up to be a busy and exciting one. We have truly hit the ground running with some brilliant opportunities across the school. Our Eco Committee enjoyed a fantastic visit to the Blue Planet Aquarium, representing Cathcart Street beautifully and deepening their understanding of marine life and environmental responsibility. We were also delighted to see a group of Year 5 and 6 girls take part in a brilliant Glow Rugby festival at Birkenhead Park High School. Their teamwork, enthusiasm and sportsmanship were outstanding, and they were a real credit to our school. We are pleased to share that we have an exciting range of after-school clubs available for children to sign up to this half term, including choir, cheerleading, yoga and Year 6 SATs preparation. These clubs offer wonderful opportunities for children to develop new skills, build confidence and enjoy time with friends.

Next week brings even more excitement as we celebrate World Book Day on Thursday. We are looking forward to a whole-school celebration of reading, with a range of engaging activities planned to inspire a love of books and stories across all year groups. Thank you, as always, for your continued support. It's lovely to have everyone back, and we are looking forward to a productive, joyful and enriching half term together. Mrs Cookson and Cathcart Team

Dates for your diary

- Every Monday 9am - Coffee Mornings
- Thurs 5th March - World Book Day
- Thurs 5th March - Y5/6 boys football competition
- Wed 18th March - Y3/4 Hockey Comp
- Fri 20th March - Red Nose Day
- Wed 25th March - Y5/6 girls football tournament
- Tues 24th March & Wed 25th March - Parents Evening
- Fri 27th March - Finish for half term

Attendance

Our whole school attendance has improved last week - well done everyone!

Our winners last week were;

Phase 1 - Y3 with 94.1%

Phase 2 - Y6 with 94.2%

Our £5 prize will be added to both classes. Well done everyone - keep it up!

Whole school attendance - 91.2%

Parents Evening

This half term we are holding our Parents' Evening across two nights, with all appointments booked via Compass, and we are very much looking forward to welcoming parents and carers into school to meet with class teachers; these conversations are an important opportunity to discuss your child's progress, celebrate their achievements and consider their next steps, and your partnership in these collaborative meetings plays a vital role in supporting every child's learning and development.

Important Messages

Please ensure you are signed up to class dojo as class teachers will keep you up to date on here with information about your children's classes.

Please give us a follow on Instagram where we share all the fantastic things children at Cathcart Street have been up to.

We have been enjoying...

Little Stars - have been learning how to use scissors safely while practising our cutting skills.

F1 - have enjoyed having the bubble wands added to the fence and there has been lots of effort to blow bubbles.

F2 - loved their yoga session! The children talked about the colours of the rainbow and learnt strategies to help calm and regulate.

Y1 - have really enjoyed learning some new words from our new English book, 'Where the Wild things are'.

Y2 - This week in PE we have had the opportunity to become calm and do some yoga. We loved this experience and can not wait for our next PE lesson.

Y3 - As part of DT Year 3 have been exploring pneumatic systems in readiness to create a pneumatic toy.

Y4 - have been "meeting the brain" in their PSHE lessons and have had great discussions about strategies to help them in and outside their learning.

Y5 - have been investigating solvents, soluble sand solutions in Science.

Y6 - had a workshop this week where we worked on a project about our local community. We discussed what we would like to see in our area and the benefits it would bring people.
