 Children will complete revision activities covering all mathematical areas. Geometry Recognising and drawing specified angles. Understanding 2D and 3D shapes, creating nets and developing their knowledge of circles. Using 4-part grids and translating shapes. COMPUTING SCIENCE Living Things & Their Habitats Children will develop their knowledge and understanding of using a computer to produce 3D models. They will familiarise themselves with working in a 3D space, before making a 3D computerised model. Music & Me In this unit, children will be focusing on inspirational women working in music, and part of Brighter Sound's pioneering gender equality initiative 'Both Sides Now'. Children's basic swimming ability. They will familiarise themselves with working in a 3D space, before making a 3D computerised model. Athletics - Developing running, jumping and throwing skills with improvements in flexibility, strength, control and balance. Swimming - Developing children's basic swimming ability. Texts: Shackleton's Journey by William Grill Texts: Shackleton's Journey by William Grill They will shatts They will familiarise throwing skills with improvements in flexibility, strength, control and balance. Swimming - Developing children's basic swimming ability. 	MATHS	Livernool - Magical	LITERACY
