

Cathcart Street Weekly Newsletter

Your weekly newsletter about our school!

This week at School

It has been a really productive week in school, and the children have continued to work incredibly hard. We're very proud of the effort and enthusiasm they bring each day.

The wet weather at the start of the week made outdoor time a little challenging, but the children coped brilliantly and adapted well to the changes in routine. As the colder weather sets in, please make sure children are coming to school with warm coats. If any family needs support with this, please just let us know—we are always here to help.

A huge thank you to all the families who joined us for our Relationship and Sex Education curriculum session this week. We received some really positive feedback, and it was lovely to see so many of you engaging with this.

We are also excited to share that we are working hard behind the scenes to create a Pop Up Pantry within school. This will act as a vital community hub, offering reduced-cost or free food, toiletries and fresh items to support our families. We will share more information very soon.

Thank you, as always, for your continued support. We are incredibly proud of our children and grateful for the strong partnership we have with our families. Wishing you all a lovely weekend.

Mrs Cookson & Cathcart Team

Dates for your diary

Every Monday 9am - Coffee Mornings
Clubs this half term;

Monday - Cheerleading - Years 4,5 & 6

SATS revision club - Year 6

Wednesday - Football - Years 4, 5 & 6

Attendance

Our whole school attendance has unfortunately dipped slightly last week.

Our winners last week were;

Phase 1 - Y1 with 97.2%

Phase 2 Y6 with 93.3%

Our £5 prize will be added to both classes. Well done everyone - keep it up! Year 6 that is 3

weeks on the run Well Done!

Whole school attendance - 91.7%

School Counsellor

We'd like to remind families that our school counsellor, Julie, holds a parent coffee morning every Monday at 9am here in school. Parents are very welcome to pop in for an informal chat, advice, or simply to find out more about the support available.

Julie also works with children in school, and the coffee morning can be a great opportunity to discuss this with her if you feel your child may benefit.

Please do come along if you'd like to speak with her—no appointment needed.

Important Messages

Please ensure you are signed up to class dojo as class teachers will keep you up to date on here with information about your children's classes.

Please give us a follow on Instagram where we share all the fantastic things children at Cathcart Street have been up to.

We have been enjoying...

Little Stars - enjoyed watching as Mrs Dixon draw a snowman while telling the story That's not my Snowman, we then drew our own snowman in some flour.

F1 - have been practising their throwing skills and their maths. They had to throw the beanbag and try and recognise some numbers.

F2 - are working on developing our fine motor skills. We had a lovely time trying to pass a picture to each other with a peg. It's much harder than it looks! Great perseverance F2!

Y1 - were amazing at using our logins to login to Code Studio, we then completed lots of sequencing challenges and logged back out.

Y2 - in English we have been working really hard on writing our own story about a creature we found and took home, linking to our class story 'The Bog Baby'

Y3 - have been learning to multiply a 2-digit number with a 1-digit number - $22 \times 4 = 88$

Y4 - have been exploring the amazing world of coding. They have been learning about how to animate a character.

Y5 - have been testing different materials in their Science work to identify their properties.

Y6 - have been creating wonderful factfiles in Science about plant adaptations and how they have evolved.
